

Playground Markings

Working With Us

As a valued customer you will find that our service does not end with the delivery of a quality product; we will always be on hand to offer our support, and work in partnership with you to develop a range of products that will continue to exceed your expectations.

Thermoplastic markings are a staple of playgrounds in schools and nurseries across the country, helping to promote healthy outdoor activities and education. All our products are specifically designed with the end customer in mind, meaning we can offer a number of benefits that cannot be matched by our, often more expensive, competitors.

Thermoplastics are our speciality, and we know that the flexibility and variation to the patterns and shapes that can be created using our products are second to none. We strive to deliver only the highest quality products and service at a price the customer will always value.

Product Guarantee

All thermoplastic supplied comes with a 3 year guarantee against manufacturer defects in accordance with our terms and conditions. We do not accept any responsibility for issues caused by incorrect installation of our products.

Safety

Our thermoplastic has been tested for slip resistance in accordance with BS 7188 and received results of:

Slider 96 (Designed to represent walking bare foot)

Dry: 69 Wet: 63

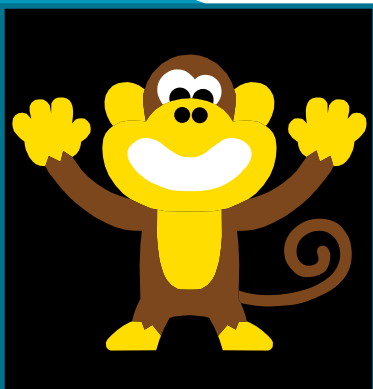

Slider 55 (Designed to represent walking with a standard rubber soled shoe) Dry: 100 Wet: 84

Reference BS7188:1998+A2:2009- "The minimum slip resistance measured on any specimen, in any direction of test, under either wet or dry conditions, shall not be less than 40.

Number Grid 1-100 Small Full Solid

Code: TME008-100SF
Length: 3000mm
Width: 3000mm

Number Grid 1-100 Small Half Solid

Code: TME008-100SH
Length: 3000mm
Width: 3000mm

Number Grid 1-100 Large Full Solid

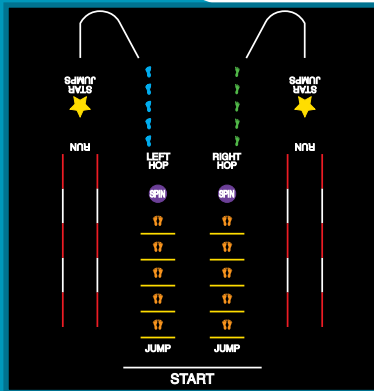

Code: TME008-100LF
Length: 4100mm
Width: 4100mm

Number Grid 1-100 Large Half Solid

Code: TME008-100LH
Length: 4100mm
Width: 4100mm

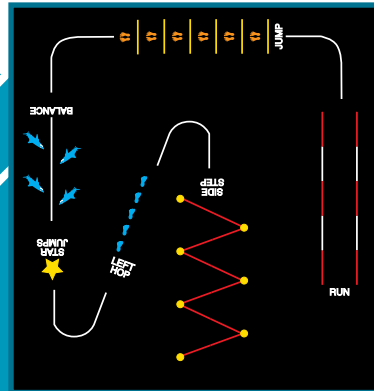

Multiplication Grid 12 x 12 Small Full Solid

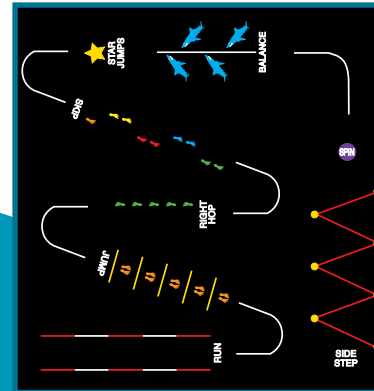

Dual Adventure Trail

Code: TMF001-D
Length: 15000mm
Width: 8500mm

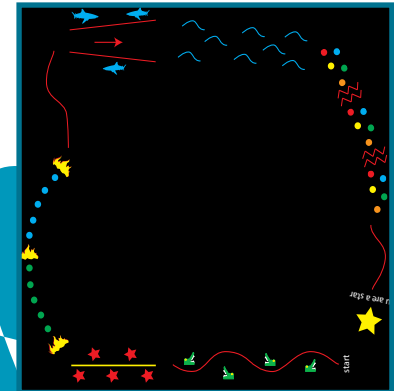

Adventure Trail 6 Piece

Code: TMF001-6
Length: 10000mm
Width: 10000mm

Adventure Trail 8 Piece

Code: TMF001-8
Length: 11000mm
Width: 11000mm

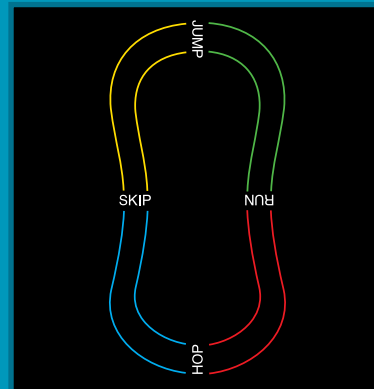

Danger Trail

Code: TMF001-DA
Length: 11000mm
Width: 11000mm

Feet Jump Line

Code: TMF002
Length: 3000mm
Width: 1500mm

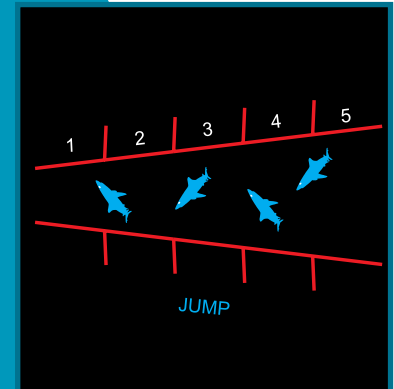

Fitness Circuit

Code: TMF003
Length: 10000mm
Width: 5000mm

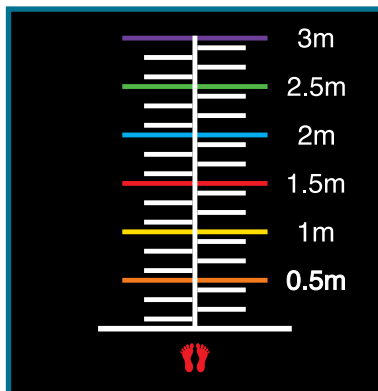

Skills Circle

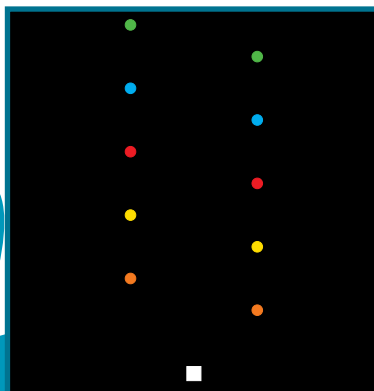

Shark Jump

Code: TMF009
Length: 5000mm
Width: 2500mm

Standing Long Jump

Code: TMF006
Length: 3500mm
Width: 2500mm

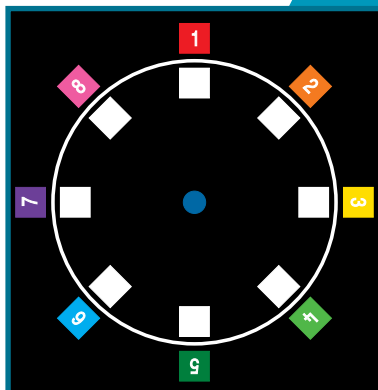

Zig Zag Run

Code: TMF004
Length: 10000mm
Width: 4000mm

Dual Adventure Trail

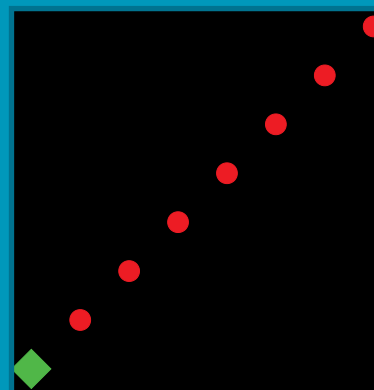

Circuit Training

Code: TMF007
Length: 5000mm
Width: 5000mm

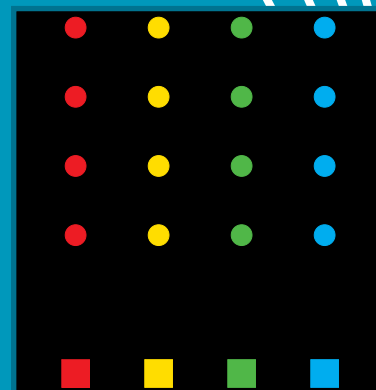

Skipping Circles

Code: TMF014
Length: 2000mm
Width: 2000mm

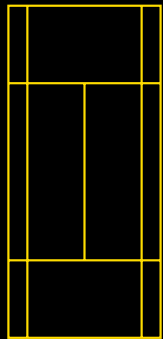

Ball Dribble

Code: TMF008
Length: 6000mm
Width: 400mm

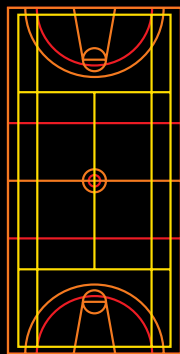

Shuttle Run 4 Person

Code: TMF005-4
Length: 5500mm
Width: 4000mm

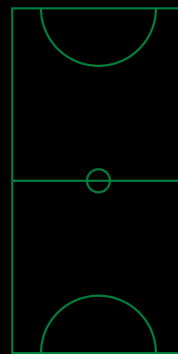

Tennis Court

Code: TMS006
Length: 24000mm
Width: 11000mm

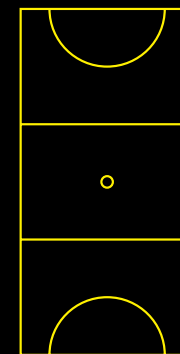

Multicourts

Many options are available,

Football Pitch

Code: TMS003
Length: 30000mm
Width: 15000mm

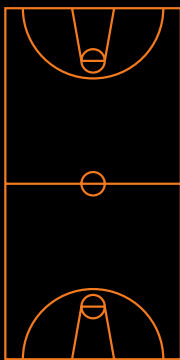

Netball Court

Code: TMS004
Length: 30000mm
Width: 15000mm

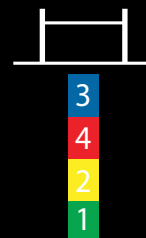

Rounders Pitch

Code: TMS008
Length: 21000mm
Width: 18000mm

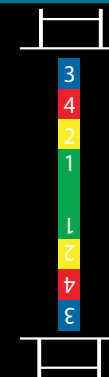

Basketball Court

Code: TMS002
Length: 30000mm
Width: 15000mm

Cricket Wall Station

Code: TMS010-1
Length: 5250mm
Width: 3000mm

Cricket Centre Pitch Station

Code: TMS010-2
Length: 12500mm
Width: 3000mm

Paw Prints

Code: TMPP300
Length: 300mm
Width: 285mm

Alphabet Footprints

Duck Prints

Code: TMPD300
Length: 300mm
Width: 280mm

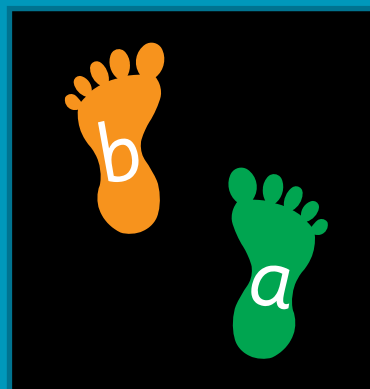

Bird Prints

Code: TMPBI300
Length: 300mm
Width: 230mm

Footprints

Code: TMFP300
Length: 300mm
Width: 150mm

Alphabet Footprints

Code: TME015-AF
Length: 500mm
Width: 250mm

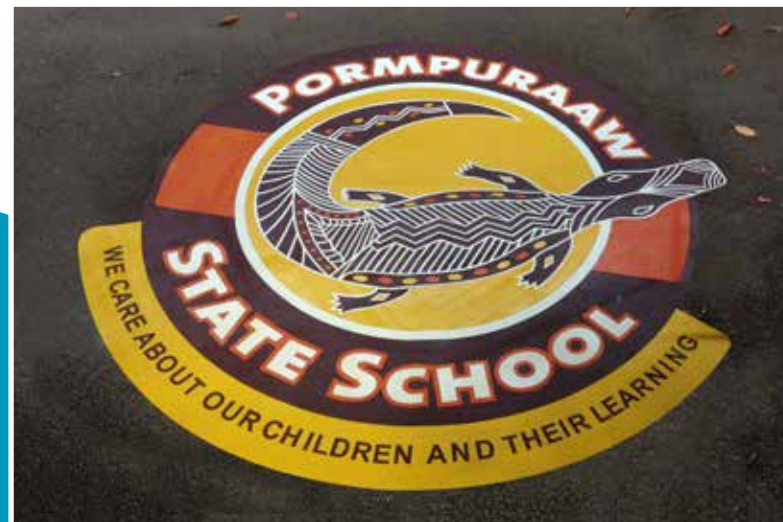

Number Footprints (set of 1 - 10)

Code: TME015-NF
Length: 500mm
Width: 250mm

Boot Prints

Code: TMBP300
Length: 300mm
Width: 110mm

Bespoke logos & Road Markings

Do you have an idea for the perfect marking for your project? Do you require a personalised version of one of our products? You may be interested in our bespoke marking services. Provided your design uses only solid colours we can recreate almost anything you could think of. For further information and pricing please contact our sales team who will run through your requirements.

We don't stop at just playground markings; we also manufacture Car Park and Road Markings. Preformed thermoplastic makes it even easier to achieve the same result time and time again; perfect for areas like office car parks where even the car park needs to look professional.

In-House Waterjet Cutting

We have taken some positive steps in order to offer a service which caters for your bespoke marking needs. Whether you need new markings for a playground or logos for outside your business we are happy to work with you to create a design which suits your needs at a viable cost. All bespoke items are cut on our WaterJet machine, which cuts to within a tolerance of $\pm 0.5\text{mm}$ giving you the knowledge that, once we have sent you the proof drawing, your marking will arrive looking exactly as you expected.

Our WaterJet machine is something that we are very proud of, it is a fantastic asset for both us and our customers. Being able to cut within the tolerances that we can gives us an almost limitless ability to produce new and innovative markings; we have even recently branched in to 3D effect images. It has allowed us to expand our business rapidly while keeping our lead times to an absolute minimum. Cutting markings by hand, as most companies do, takes much longer and produces an inferior product of a lesser quality. Please note that bespoke markings may have longer lead times due to the extra time spent on the drawing and proofing process prior to actually cutting the material. Another advantage to the way our products are now cut is in the installation. Wherever possible our markings have only one layer of thermoplastic. For example numbers and letters will always be inlaid in to snake body sections which not only leads to less chance of installation mistakes but also stops the thermoplastic from flowing, giving the smaller details much more definition and a neater finish. The possibilities don't stop with thermoplastic either. WaterJet cutting has fast become a popular method of precisely manufacturing products in the engineering industry due to the lack of heat created. Unstable materials ranging from ceramics through steel all the way to titanium can be accurately cut without heat altering the properties of the material; something which is vital at the elite end of the fabrication market. If you have any questions about our machining possibilities, the order process itself or anything else then please feel free to contact one of the team.
